VOLUME XXXIII NO. 270

SEYMOUR, INDIANA, THURSDAY, OCTOBER 15, 1908.

PRICE TWO CENTS

POSEY MEETING

Eloquent Evansville Man Here Tomorrow Night.

Col. Frank B. Posey, of Evansville, speaks at the opera house here tomorrow night. He has been campaigning throughout Indiana for many years and he is always a favorite. He has few equals as a campaign speaker.

Colonel Posey has served in congress and has had much experience in public affairs. He is thoroughly posted on public questions and discusses them frankly and fairly. He is a most interesting and entertaining speaker. Be sure and hear him tomorrow night.

With Colonel Posey will be Hon. Alfred M. Beasley, another good speaker. The public is cordially invited to this meeting.

There will probably be some important announcements made at this meeting about the coming of W. H. Taft.

Columbus People Honored.

Elder W. H. Book, pastor of the Tabernacle Christian church at Columbus, was elected a member of the board of evangelism by the general congress of missionary societies now in session in the city of New Orleans. Marshall T. Reeves, of Columbus, was elected auditor of the American Christian Missionary Society. The New Orleans convention consists of the Foreign Missionary Society, the American Christian Missionary Society, the Church Extension Society and the Christian Women's Board of Missions. Evangelist James Small, of Columbus, is also attending the convention.

Hall Dedicated.

The Knights of Pythias of Uniontown dedicated their new Castle Hall Wednesday night. There was a large crowd present and the exercises were very interesting. Addresses were made by Judge John M. Lewis and Rev. Harley Jackson, of Seymour, W. M. Nauer, of Vernon, and others. The program was a good one and was thoroughly enjoyed. The Uniontown Knights have built a splendid lodge room in keeping with the growth and progress of the order. They have a good membership and new members are being initiated from time to time.

Remonstrance Case.

The famous Second ward remonstrance case will come up in the circuit court at Brownstown next Tuesday, October 20th, and will likely attract a considerable number of people to Brownstown. It is possible that the fate of the saloons in the second ward for the next few weeks will be decided at that time. It is the general understanding that there are to be no special county option elections held until after the presidential election.

The little Candy Cold Cure Tablets called Preventives, will in a few hours safely check all Colds or LaGrippe. Try them. 48-25c. Sold by A. J. Pellens.

Home made kraut, man-goes, dill pickles. Ireland's Cash Grocery.

County Commissioners.

Aside from routine business the county commissioners disposed of other business as follows at their last meeting:

Petitions for the following gravel roads were continued: Louis W. Holmes, et al, Carr township; Seymour Cemetery and Rockford, Jackson township; Sugar Tree Creek road, Jackson township; Dan Lutes road, Salt Creek township; Medora and Cavanaugh road, Carr township.

Petition of Chas. Roeger, et al, for gravel road in Hamilton township; dismissed.

Carl Miller was appointed superintendent of construction of the Miller road in Grassy Fork township.

John D. Durment was awarded contract for supplies for the county poor asylum for ensuing quarter.

Reports of J. W. Densford, treasurer of Crothersville school board, were approved for years of 1906, 1907 and 1908.

Petition of Herman Wente, et al, to open highway in Hamilton township; granted; petitioners to pay one-half the damage.

Petition of Seymour Mutual Telephone Co. to install phones in the county buildings granted.

C. Hill was appointed superintendent of construction of the Dixon Chapel road in Carr township.

Tonight.

One of the most important engagements made for the present season is the much talked of sensational play "The Devil," which has created a wild fire furore over two continents. It is now playing to crowded houses in New York, Chicago, Boston and Philadelphia and thousands of the people are returned away nightly unable to secure seats. The play is novelized by the famous Hungarian Author Franz Molnar, who has created a noted reputation all over Europe by his daring writings. This play at Majestic Theatre tonight.

DIED.

LESLIE:—Edna Leslie, daughter of Charles Leslie, died Wednesday night at 9:35 of cholera infantum. Age 6 months and 12 days. Funeral Thursday afternoon from the residence of the child's grandmother in Glenlawn. Burial at the city cemetery.

Had Quit Work Ready To Give Up In Despair—Restored To Health By Vinol

"I was sick, run-down and finally had to give up work. After trying a number of remedies and several physicians, I was just about ready to give up in despair. I saw Vinol advertised and decided to try it, and it has done more good for me than all other means combined. It has built me up and restored my strength until I now feel twenty years younger, and am able to attend to my work again as usual." Job Jeavons, 1036 Lind street, Wheeling, W. Va.

The reason Vinol is so successful in such cases is because it contains tonic iron and all of the strengthening blood-making and body-building elements of cod liver oil, but no oil.

Vinol is unexcelled as a strength creator for old people, delicate children, weak, run-down persons, and after sickness—and is the best known remedy for coughs, colds and bronchitis.

We return your money if Vinol fails to give satisfaction. W. F. Peter Drug Co., Seymour.

Senation at Court House.

Quite a scene was created in front of the court house at Brownstown a few days ago when the jury returned a verdict finding Charles Morris, of Washington county, guilty of assault and battery with intent. His mother, several sisters and a brother were there and the cries could be heard a square away. The case occupied the attention of the court for several days there being more than fifty witnesses to examine. The assault was committed upon Milton Wolfe in June, 1907, when Wolfe was escorting the defendant's sister home from church. Morris was hid behind some bushes along the road and as the couple passed he attacked Wolfe with a knife cutting and stabbing him in several places. The attorneys for the defendant set up a plea of insanity.

A Rest Room.

The woman's rest room which has recently agitated in Salem, has been completed with the exception that the furniture has not all been placed in position. A number of conveniences have been provided in one of the rooms of the courthouse. The county commissioners and the citizens of Salem worked together in the matter and all are proud of what has been accomplished. The idea has been to equip a room comfortably with furniture and in a convenient location where the ladies from the country could go for rest when in the city or to converse without feeling that they were imposing on the good nature of business men about the town.

Productive Tomato.

John A. Lizenby, of Austin, tells of a tomato vine at his town that is something above the ordinary. When first came the vine was 11 feet and 6 inches in length. It produced 76 ripe tomatoes and when the frost killed the vine there were 184 green tomatoes on it. Mr. Lizenby also calls attention to the growth of Austin. He says that four years ago there were 74 houses in Austin and that since that time 79 new ones have been built.

Failed to Make Good.

A crowd of amateur actors from Columbus played at Brownstown opera house last Thursday night. They gave a bum show from start to finish, and while the audience was not large, some left before the show was over and all were thoroughly disgusted. We don't believe the management of opera house will again be caught by such an aggregation on twenty-four hours' notice.—Brownstown Banner.

Driftwood Ticket.

The Republicans of Driftwood township met in mass convention at Vallonia Wednesday to nominate a township ticket. Wm. Empson was made chairman and Albert J. Waskom, secretary. Dr. Virgil Abel was nominated for trustee and Jacob Copeland for assessor. The convention was harmonious and everybody commends the ticket. The nominees are high class men and stand well with the people. It is indeed a strong ticket.

Red-Hot at Bedford.

Politics was red-hot at Bedford last night. C. C. Daniel, a prominent democratic speaker from North Carolina, spoke on the square, near the courthouse, and Attorney General James Bingham spoke in the courthouse. The air was filled with cheering from both audiences and the bands discoursed music making the town bilious.

Interesting Fossil.

Isaac White, of Enfield, Ill, who has been at Freetown on a visiting with relatives and other friends in Jackson county, brought an interesting fossil to the REPUBLICAN office Wednesday. The fossil was probably a specie of the ammonite and was found along a branch in the vicinity of Houston. Mr. White left for home Thursday.

Commends Play.

Manager Zeppenfeld was greeted by one of the best houses in several seasons at the opera house last evening to witness the allegorical comedy, "The Devil." The play was well received and was filled with a lesson to humanity. The attendance last evening proves the wisdom of bringing really good plays to Franklin occasionally.—Franklin Star.

I. O. O. F. Excursion.

Special Excursion to Greensburg, Oct. 20, 1908, via the Southern Indiana and Big Four railroads. Leave Seymour at 8:45 a. m. Returning leave Greensburg at 4:10 p. m. and arrive at Seymour at 5:35 p. m. Fare \$1 for round trip.

Sprengr's barber shop is the best.

TAFT MEETING

Republicans Will Meet Tonight To Make Plans.

William Howard Taft will be in Seymour a week from today and already the republicans are getting ready to give him a rousing reception. The township committee met last night to confer about arrangements.

Tonight there will be a mass meeting of republicans in the council chamber to make farther plans. Every republican who can should be at this meeting tonight.

Taft day will be a big day in Seymour. There will be a great crowd here and the best possible arrangements should be made. Attend the meeting tonight. Let every republican get busy.

Meeting tonight begins at 8 o'clock.

Passing of Old School.

The building recently in use by the Salem High School and which has just been sold is to be razed to the ground and is to give place to a new residence. The building is an historic one and many men, and women as well, who have later been prominent in affairs of state, secured their education or at least their academic schooling in this old building. The structure is a three story brick and was erected in the early 30's when it was known as "The Salem Female Collegiate Institute." Later the Mays had charge of the school for years when it was known as Eikosi Academy, from the Greek word meaning "twenty." The Female Collegiate Institute was planned, built and put in operation by Prof. John I. Morrison, under whose active, skillful leadership it became a school of wide-spread notoriety and of eminent usefulness. As many as 100 females attended this famous institute of learning at one time. Quite a number of people in Jackson county between the ages of 30 and 60, particularly those residing in the south part of the county, attended school in this old building when it was in charge of Prof. William May and Benoni Abner May, and was known as the Eikosi Academy.

In Hospital.

Charles Love went to Indianapolis Wednesday, being called there by a long distance telephone message last night telling him that his brother, Frank, is very sick. Frank recently went to Indianapolis to take a position as conductor on the Cincinnati, Hamilton and Dayton road. He was taken suddenly very sick Tuesday evening and the master of the B. R. T. called up his brother last night and advised him of Frank's condition.—Bedford Democrat.

Frank Love is a son of the late Moses N. Love, who run a cab here several years.

Elder Z. T. Sweeney and Elder George Sweeney left for Paris this afternoon to attend the funeral of their brother, Rev. John Sweeney which will be held Thursday afternoon at 2 o'clock. The services will be conducted by Rev. C. E. Morgan, pastor of the Christian church at Paris.—Columbus Rep.

Mrs. J. W. Pomeroy, who has been seriously ill of congestion of the liver, is reported better, and it is now thought she will continue to improve. On Monday she was so low that her friends were not allowed to see her. Her recovery will be good news to her many friends.—Mitchell Commercial.

Another case of diphtheria was reported at Columbus Wednesday. This is the first new case reported there since last Friday and is the thirty-fourth case to date. Shelbyville and Greensburg are now wrestling with threatened diphtheria epidemics.

No further report has been received here concerning the death of George J. Goodhub, of New Albany, who died suddenly Monday night at Boise, Idaho. The remains will probably arrive at New Albany some time Friday.

Pains of women, head pains, or any pain stopped in 20 minutes sure, with Dr. Shoop's Pink Pain Tablets. See full formula on 25c box. Sold by A. J. Pellens.

Most of the merchant's real anxieties grow out of his absurd anxiety not to spend too much in advertising.

Otto Campbell, who has been bracking on the C. H. & D., for some time, was in this city Wednesday evening.

Circuit Court.

Action on cases in circuit court not previously reported have been as follows:

Samuel Jones vs. Ella Jones; divorce granted defendant, on cross complaint.

Amelia Nusom vs. Christina Breitfield, for waste; trial by jury and defendant awarded \$100 damage

Wm. Goecker, et al, vs Town of Crothersville, petition to vacate alleys petition granted.

Pearl Digg vs Joseph Digg; divorce granted plaintiff.

Harry Rodenburg vs Delbert Ervin, damages; continued.

John Oathout vs Wm. Campbell, executor of the last will of Herman J. Ottenshultz, on note and mortgage; continued.

Heloise McMillan at al vs Sarah T. Gillispie, Jas. S. Clements, et al; on mortgage; judgment for plaintiff, defendants granted appeal to appellate court.

NER CASES.

Joseph L. Milter vs Phoenix Insurance Co; on policy. Demand \$1150.

Rose M. Gullett vs Alfred Gullett; divorce.

Etta Borden vs John O. Borden; divorce.

First National Bank, of Seymour vs Omer E. Davis, et al; on note.

Crothersville State Bank vs Will L. Densford; for overdraft.

George Heins vs Abe C. Branaman; on account.

"Tacky" Party.

Miss Ida Siefker, of Rockford, entertained about forty-five people at a "tacky" social Wednesday evening at the home of her parents, Mr. and Mrs. William Siefker. The company was mostly from Seymour with the exception of two or three who came up from Brownstown. Two hack loads and one automobile went out from this city. George Fredrick was the winner of the first prize and the second honors were voted to Dr. Shinness. Mrs. L. Stewart won the ladies prize. Lunch was served on scraps of newspaper. Excellent piano and violin music were furnished for the occasion.

Colt Show.

The Seymour Speed Company will conduct a colt show at Hopewell's barn on Tipton street on Saturday afternoon this week. The colts from their horse, Charley G, will be on exhibition. There are from fifteen to twenty of these colts in the community and they would like to have everyone of them brought in. Cash premiums will be awarded on the three colts judged the best. The first premium is \$15, second \$10 and third \$5. The colts are said to be very good ones and will make a fine show together.

Born.

To Fred Ackert and wife of Redding township, a son, Oct. 14.

To Frank Miller and wife of Redding township, a son, Oct. 13.

Attend Dreamland.

The Uniform Foresters of the Modern Woodmen attended Dreamland Wednesday in full dress uniform in response to an invitation extended by the members of the Court of Honor team which has the show in charge for the week. The show given was an excellent one and very satisfactory to the Foresters and the other Woodmen who attended in plain clothes. The illustrated song by Miss Carter was highly pleasing and the moving picture contained a lesson which would satisfy most any audience. The orchestra with piano and trap drum accompaniment furnished excellent music for the opening number and while the moving pictures were being shown.

Do Some Figuring.

Brownstown fans have been doing some figuring on the games won and lost by the Brownstown base ball team and find that the team has made a percentage the past season of 743, playing 35 games, and winning 26 and losing 9. However, the published report shows that they lost 10 games as follows: One each to Seymour, Odon, Scottsburg, Linton, Osgood and the Cincinnati Muldoons and two games each to Columbus and the Nebraska Indians.

McElfresh, their star pitcher, pitched 21 games, won 17 and lost 4, making a per cent of .810.

Political Gossip.

Thomas M. Honan and G. W. Long, of Nashville, democratic nominee for State Senator, spoke at Dudleytown Wednesday evening. Mr. Long returned to Seymour last night. F. W. Wesner and Mr. Long are billed for Uniontown tonight. Long is billed for two other speeches in the county during the week, namely, at Reddington and Vallonia.

Married at Scottsburg.

Orville Everhart and Minnie Pfaffenberger were married at the home of Elder D. L. Milligan, pastor of the Christian church Monday afternoon. They will reside at Seymour.—Scottsburg Journal.

\$100 Reward \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure.

Address: F. J. CHENEY & Co., Toledo, O. Testimonials sent free. Price 75c per bottle. Sold by all druggists. Take Hall's Family Pills for constipation.

DUKE'S HEART BOWED DOWN

Broken Engagement Will Send the
Abruzzi on Perilous Trip.

Rome, Oct. 14.—It has been learned
positively that the engagement of the
Duke of Abruzzi and Miss Katherine
Elkins has been broken. The duke
himself made the announcement to the

MISS KATHERINE ELKINS.

royal family in a telegram from Tourin
Saturday, the publication of which has
just been permitted.

The duke does not attempt to con-
ceal his sadness at the unfortunate
termination of his love affair with the
American heiress. He will start on a
perilous exploration trip in order to di-
vert his mind from his grief. At whose
instance the engagement has been
broken is not stated, but there is a well
authenticated rumor that Miss Elkins
took the leading part in the affair.

Maybe 'Tisn't So

London, Oct. 14.—The Daily Tele-
graph's Rome correspondent says that
he is able to state on the highest au-
thority that the wedding of the Duke
of Abruzzi and Miss Elkins will cer-
tainly occur very soon.

COMPETITION SUPPRESSED

This Charge Has Been Sustained
Against Insurance Companies.

Belleville, Ill., Oct. 14.—Judge Moore,
in the circuit court here, has issued
a permanent injunction restraining 110
fire insurance companies doing busi-
ness in Illinois, from fixing rates and
maintaining a joint agent at East St.
Louis. The suit was begun in June,
1902, by H. J. Hamlin, then attorney
general of Illinois. It was directed
against the Aachen & Munich Fire In-
surance company, 109 other companies
and M. F. Zent, the joint agent in East
St. Louis. Combination for the unlaw-
ful suppression of competition and fix-
ing of rates was alleged. Evidence
was taken in Belleville, East St. Louis
and Chicago, and on some of the is-
sues the case went to the appellate
court.

An Article of Great Merit.

more. There are eighty-three of these
quarter-century men, and all sat down
to dinner in the state dining room of
the Studebaker mansion. The oldest
employee in point of service is Albert
W. Peak, head of the Studebaker fire
department, he having begun his con-
nection with the company forty-three
years ago.

Mr. A. J. Pellens is pleased to
announce to his customers that he has

our public schools. Fifteen mothers
and friends spent the afternoon in-
specting the work in the different
departments of the school. The pur-
pose was to give the parents an op-
portunity to see the school in its regu-
lar work. Many favorable comments
were heard which were very encourag-
ing to the teachers. Several sugges-
tions were made all of which will be
considered by the superintendent and
adopted if they seem to be desirable.
Several of the mothers agree with the
superintendent, that the playground
should be enlarged by taking in the
lot upon which the dwelling now
stands. That land was bought for the
children and they should have it.

The teachers of the township met
here in institute Saturday. Supt.
Payne, trustee J. B. Wesner and many
students were in attendance. Miss
Irene Rucker, of the high school,
favored the institute with a piano solo
which was very highly appreciated.

The students of the high school fur-
nished special music for the church
service Sunday night.

The parents and friends of the school
are invited to attend the contest in
oral reading next Friday night at the
K. of P. Hall. There will be special
music by the high school chorus.

Geo. A. Smith, who has been in Vin-
cennes a couple of weeks having his
eyes treated, came home last week.

Miss Geneva Allen, of Washington,
Ind., is visiting relatives here.

Miss Olivia Lanier visited her aunt
at Vallonia over Sunday.

Mrs. J. P. McMillan spent last week
in Indianapolis.

Tunnelton one day last week.

Mrs. Hota Henderlinder went to
Bedford Monday.

Miss Eva Holmes was in Vallonia
over Sunday.

Miss Gladys McMillan entertained
the Senior class of the Brownstown
high school Saturday night. A very
enjoyable time was had. A crowd of
boys took a wheel off their hack-
which they were an hour or more find-
ing. The following persons were
present, Misses Mabel Isaacs, Nellie
Kennedy, Flossie Cunningham, Mollie
Kopp, Flora Pfaffenberger, Lillian
Mercer and Messrs. Glenn Empson,
Hubert Hunsucker, Will Isaacs, Lee
Fountain, Joe Yost, Walter Perry
and Warren Shuts. Among the
amusements was a historical guessing
contest in which Will Isaacs and
Flora Pfaffenberger won first honors.

Mood and Sank Massena and fami-
lies drove over to Chestnut Ridge and
spent Sunday with Charley Thompson
and family.

Ralph Hughes, who is attending

brother, I. J. Wright.

There will be a pie supper at the
Meyers school Saturday night.
Everybody invited.

Miss Ella Tiemeyer, who is staying
with Walter Newkirk's family, of
Borchers, came home Tuesday on a
brief visit.

Mrs. Joel McKain and daughter,
Allie, of Longview, attended church
here Sunday afternoon.

We are pleased to see the Way-
mansville items in the columns again.

Fred Boknecht, who had his leg
broken several weeks ago, has so far
improved as to be able to be out
again.

Daniel Ayers, of Waymansville, at-
tended services here Sunday.

Charles Hooker, who has been at
the Knapp Sanitarium at Vincennes
the past two months taking treatment
for his eyes, has returned home.

HORSES DYING OF STRANGE DISEASE

Northern Indiana Farmers Suffer Heavy Losses.

DISEASE OF UNKNOWN ORIGIN

In the Counties of Pulaski, Starke and Laporte Since Early Last Summer No Fewer Than 1,500 Horses Have Succumbed to a Strange Disease Which Manifests Itself by the Presence of Hair-Like Worms in the Internal Organs of the Stricken Animals.

Michigan City, Ind., Oct. 14.—It is estimated that farmers in Pulaski and Starke counties and those in the southwestern part of Laporte county have lost 1,500 horses since early last summer from a disease of unknown origin. The horses, as a rule, when attacked by the malady, droop as if consumptive, and finally die. In a few instances they recover, but when they do they are mere wrecks and have to be killed. One man killed four that survived the attack of the disease.

An examination revealed the fact that the liver and other organs of the dead animals were infected with long worms, no larger than a hair, and it is the popular belief that the worms are bred inside the horses from minute eggs taken with the grass of pasture lands.

The loss of horses in the affected district has discouraged the farmers. Many of them have lost every horse they have, and it is unsafe for them to buy any more to do their fall plowing. Out of seventeen horses one farmer has six left and some of the six are unfit for use.

It has been noticed that mules are not affected by the disease, and a horseman of Starke county has gone to Kentucky to buy all the mules he can get to ship into the infected district and sell to the farmers.

DOG RETURNED ALONE TWICE

Then Search Was Made for the Hunter and He Was Found Dying.

Paoli, Ind., Oct. 14.—Sherman Appel, living near Moore Ridge, a few miles southwest of here, was killed in a peculiar manner while out hunting. Appel, who was about nineteen years old, took his gun and dog and went to the woods. The dog returned without its master. The dog again went to the woods and returned a second time alone. Fearing something might have happened to the boy, a party went in search of him. They found him beneath a tree, unconscious, with his skull badly fractured. The fracture is supposed to have been caused by a limb falling on the boy while he was trying to dislodge a squirrel. He was taken to his home, where he soon died.

Grand Army Will Participate

Indianapolis, Oct. 14.—Oran Perry, adjutant general of Indiana, who will be grand marshal of the parade on Oct. 27, when the Harrison monument is unveiled, has extended an invitation to the department commander of the G. A. R. and his staff to attend the ceremonies, and has asked that Captain John D. Alexander, department commander, assume command of all Grand Army posts and civil war veterans in line. Colonel J. R. Fesler, assistant adjutant general of the Indiana G. A. R., has just received a letter from Captain Alexander, in which the latter expresses the hope that many civil war veterans will attend the Harrison monument exercises. It is expected the attendance of G. A. R. men at the dedication will be large.

Fruit Trees Crowding Things.

Petersburg, Ind., Oct. 14.—Both cherry and pear trees are blooming for a second time this year, and at the home of George Gordon is a pear tree with a second crop of pears half grown and many blossoms. On the farm of John Fordyce, four miles east of here, there are four cherry trees in full blossom, and blossoms are to be seen on the trees in this city.

Flames Sweeping the Kankakee.

Laporte, Ind., Oct. 14.—A great prairie fire is sweeping in fury over a large section of country in the Kankakee country. Ten thousand dollars is a conservative estimate of the loss. Wolves, driven from the marshes by the fires, are raiding the barnyards of farmers in the southern part of this county.

Grand Jury Investigating.

Kentland, Ind., Oct. 14.—The grand jury is investigating the cases of D. P. Baldwin of Logansport and W. P. Dague of Fowler, who are alleged to have wrongfully used the funds of the Goodland bank, which was closed by order of the state auditor, after an official investigation made some months ago.

Young Woman's Fatal Mistake

Muncie, Ind., Oct. 14.—Miss Corinne Bundy, eighteen years old, and the only child of O. P. Bundy, proprietor of the Delaware hotel, took carbolic acid by mistake for a throat gargle, and was found dead in her apartments at the hotel.

AN ABSURD CHARGE PROMPTLY EXPLODED

Keefe Denies That He Was "Approached" by President.

Detroit, Mich., Oct. 14.—President Daniel J. Keefe of the Longshoremen's union has categorically denied the statement issued from Democratic headquarters in New York that he had been offered the position of commissioner general if immigration in return for his support of W. H. Taft.

New York, Oct. 14.—The Democratic national committee, through John J. Gordan, assistant and acting chief of the press bureau at headquarters, has made public the following statement: "It was stated at the national Democratic headquarters that President Roosevelt, by promise of office, has succeeded in having one of the big men of the American Federation of Labor desert President Gompers in his advocacy of the election of Mr. Bryan for the presidency.

"The labor leader in question is Daniel J. Keefe of Detroit, president of the International Association of Longshoremen, and one of the vice presidents of the Federation of Labor.

"The Democratic committee alleges that Keefe and the president were closeted for several hours in Washington on Saturday, Oct. 3, and the offer of being named commissioner general of immigration, made vacant by the death of Commissioner Sargent, was made in consideration of Keefe repudiating Mr. Gompers and the executive council of the Federation.

"Keefe, on Saturday last, issued a statement in which he said: 'I am going to vote for William H. Taft.'

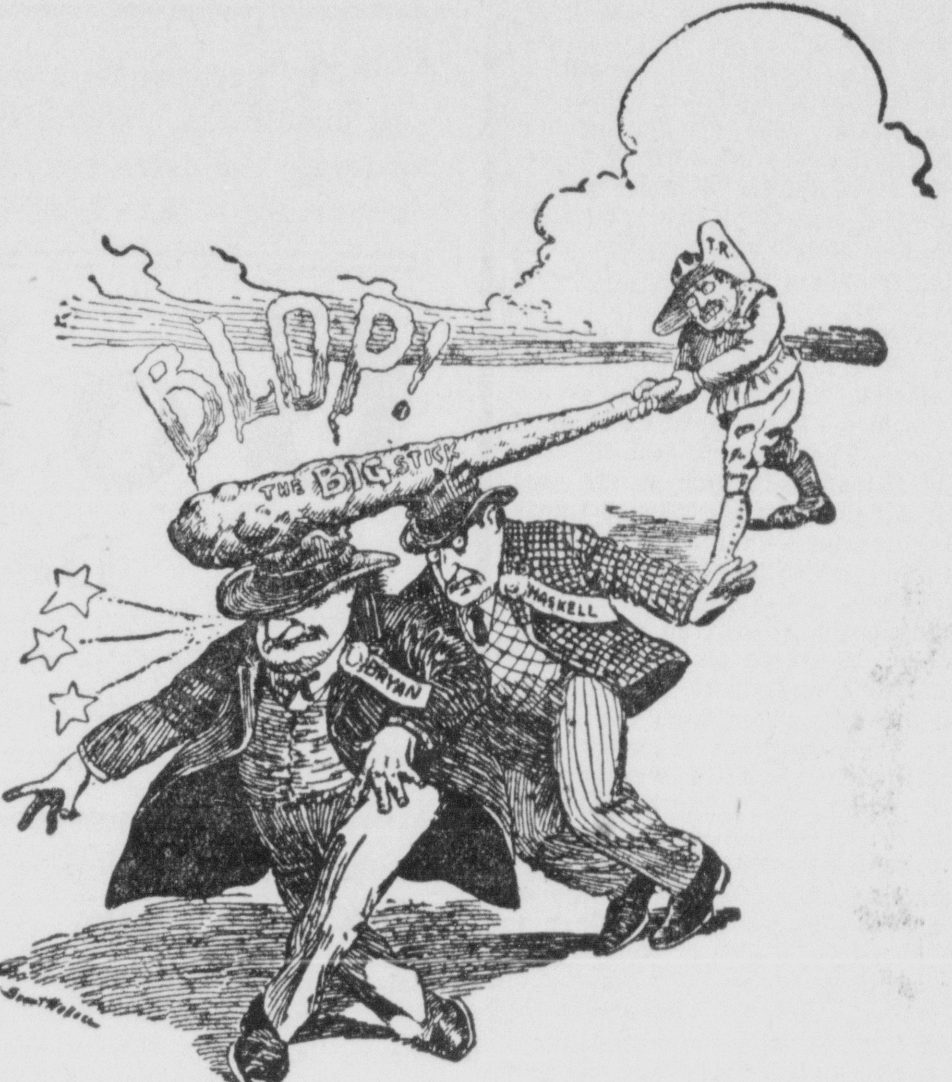

"It is pointed out that on Sept. 28 last the executive council of the American Federation of Labor issued a circular calling on organizations of labor to work for the defeat of Mr. Taft and Republican congressmen, seeking reelection, and Mr. Keefe authorized his signature to be attached to it.

"The source of the Democratic committee's information was not divulged, but the information was offered that if Mr. Keefe or President Roosevelt deny the charge, another big labor leader, now in New York, will come forward with facts to prove that the offer was made and Mr. Keefe accepted it and has commenced to make good his part of the deal."

A MILD REBUKE.

—San Francisco Chronicle.

ROOSEVELT HOT SHOT.

On Haskell.

Governor Haskell's utter unfitness for any public position of trust or for association with any man anxious to make an appeal on a moral issue to the American people has been abundantly shown.

As an American citizen who prizes his Americanism and citizenship far above any question of partisanship, I regard it as a scandal and disgrace that Governor Haskell should be connected with the management of a national campaign.

To Bryan.

In my judgment the measures you advocate would be wholly ineffective in curing an evil, and so far as they had any effect at all would merely throw the entire business of the country into hopeless and utter confusion.

I put Mr. Taft's deeds against your words. I ask that Mr. Taft be judged by all his deeds, for he wishes none of them forgotten. I ask that you be judged both by the words you wish remembered and by the words that seemingly you and your party now desire to have forgotten.

Paid Her In Full.

In her younger days Hetty Green had for a neighbor a shrewd old Vermont farmer. One day, in the midst of the thrashing, this old farmer broke his winnowing fan and sent over to borrow Hetty's.

"Certainly," was the suave reply. "He is perfectly welcome to my fan, but I never let my tools be taken off the place. Tell him to bring his grain here and he may winnow as much as he likes on my barn floor."

Of course this was an awkward arrangement, but the farmer said nothing. Some weeks later Mrs. Green sent over in a hurry to borrow the old fellow's sidesaddle.

"Certainly," she is perfectly welcome to the use of my saddle. It's hanging over a rafter in the loft above the wagon shed. Tell her to come right over and ride it there as long as she likes."

About Your Luggage.

"What slovenly luggage!" And the traveled man fixed on his untraveled friend an amused frown. "Slovenly luggage doesn't matter here in the United States," he said, "for it is never with us, but abroad your luggage will be as much a part of you as your hat or boots. It will ride on cabs with you; it will enter hotels with you; it will surround you in the railway stations as you await your trains. Abroad people go in for smart and expensive luggage with the same pride as for fine clothes. Their kit bags and boxes of leather are polished for every journey like a pair of brown shoes. The brass-work of their costly trunks is burnished till it shines like fresh gold. Abroad with that four dollar trunk and that gray canvas telescope valise you'll be as much ashamed of yourself, my boy, as though you had a red patch on the seat of your trousers."

HEIRESS KIDNAPPED IN BROAD DAYLIGHT

Chicago Police Baffled by Bold Abductors.

Chicago, Oct. 13.—In broad daylight, almost within sight of a police station, Margaret Frances Mitchell, eight years old, said to be an heiress to a fortune of \$250,000, was kidnapped here, and the authorities have instituted a country-wide search for the child. While on the street with her grandmother, the little girl was snatched by one of three men in an automobile, and after the grandmother, Mrs. Caroline F. Mitchell, was knocked down, was taken away. Since then no trace of the child has been found, although the police are working on a clue that she was taken immediately out of the city, probably to Sparta, N. C.

The kidnapping is said to be the climax of prolonged struggle for the possession of the child. She has been living with her father, Robert Mitchell, at 4829 St. Lawrence avenue, while the mother, Mrs. Margaret B. Mitchell, has lived separately. The fortune was left to the girl by her mother's father. The child is also said to be a relative of Miss Minnie Mitchell, who six years ago was murdered by William Bartholmew.

According to the story told to the police by the grandmother, threats of kidnapping previously had been made, and because of this she always accompanied the girl to and from school. She was unable to fully describe any of the men in the automobile, but has urged the police to search at Sparta where, it is said, the mother recently resided.

TO ANNEX KOREA

This May Be the Next Step of Nippon Government.

Seoul, Oct. 13.—It has just been learned that twenty-two members of the "Ichiho," the pro-Japanese organization of Korea, were killed by Japanese gendarmes at Choldo a few days ago. The affair has been kept quiet, but has occasioned much uneasiness because it might be considered as a ruthless slaughter of unoffending Koreans by the Japanese soldiers and calculated to confirm previous reports of unnecessary cruelty practiced by the Japanese in Korea. The matter has been reported by Marquis Ito, resident general of Korea who is now in Tokio.

Advices from Tokio state that Marquis Ito has held conferences with Premier Katsura and Viscount Teruchi, minister of war, and it is understood that a cabinet council will be called to decide upon the future action to be taken. In consequence of these conferences the report is being widely circulated that the Japanese government has decided to immediately annex Korea.

The explanation advanced of the killing of the members of the "Ichiho" shows that forty "Ichiho" were marching in a body to visit a shrine when the Japanese gendarmes met them and, mistaking them for a band of insurgents, immediately attacked the party, killing twenty-two.

THE LOW WATER EXPOSES RELICS

Historic Disaster on Ohio River Recalled.

TWO BIG STEAMERS BURNED

Reappearance of Long Submerged Sandbars Brings to Light Near Vexatious Relics of One of the Most Appalling Disasters in the History of Ohio River Navigation—the Wreck of the Good Steamers United States and America, Burned to the Water's Edge, Many Passengers Perishing in the Flames.

Vevay, Ind., Oct. 13.—Navigation is closed between Louisville and Cincinnati because of low water in the Ohio river, the lowest in twenty years. Steamer traffic between Louisville and points south is also cut off. Sandbars have reappeared, long submerged, and with them are exposed traces of disasters to river traffic in the past. Probably the most notable was the destruction of two fine steamers—the America and the United States—plying between Louisville and Cincinnati, in December 1868. Great loss of life marked this disaster. The America left the wharf at Louisville on the evening of December 4, 1868, loaded with passengers who went to their berths early. She also carried a large quantity of coal oil on the lower deck. The United States pulled out from Cincinnati about the same hour.

The night was cold and dark, and the pilots of the steamers had difficulty in finding the channel. Near Peak's Landing, in Switzerland county, they came in sight of each other, and the pilots barely had time to sound distress signals before there was a terrific crash; the impact crushing in the steamers' bows. Barrels of oil burst and the fluid spread over the deck and was ignited by an overturned lamp. Flames enveloped both steamers as they floated helplessly.

Many passengers leaped overboard and sank. Others sought life preservers or clung to broken timbers, but a large number were burned to death before they could make any effort at escape. Farmers living close to the shore hurried to the rescue, and they succeeded in saving a number of persons, some of whom had been seriously burned.

Both steamers burned to the water's edge before the blackened hulls sank from view. It is estimated that more than 200 people perished by fire or drowning. Several of the rescued were so badly burned that they died.

For many years following the disaster pieces of jewelry and other souvenirs were recovered during low water and only recently a fisherman found a woman's watch—a mute reminder of that terrible night.

The destruction of these steamers proved to be the greatest disaster ever recorded on the Ohio river, and it was only exceeded in loss of life when the Sultana, a few years before, exploded her boilers and sank in the depths of the Mississippi river soon after leaving Memphis, Tenn. The Sultana was bearing nearly 2,000 passengers, most of them soldiers who were returning to their homes in the North at the close of the war.

MR. ESCHBACH EXPLAINS

Shows That Alleged Shortage in Treasurer's Books Does Not Exist.

Warsaw, Ind., Oct. 13.—An alleged shortage of \$11,922.16 in the treasury of Kosciusko county has been cleared up by State Representative Jesse E. Eschbach of Warsaw, formerly of Silver Lake, who was a deputy in the treasurer's office in 1905.

Mr. Eschbach, under oath, has testified that the alleged discrepancy as found on a ledger in the treasurer's office, and which alleged shortage has been made a campaign issue, was merely a memorandum made by Mr. Eschbach, showing the amount of warrants coming from the county auditor's office on the ditch account, and which had been paid out by County Treasurer James J. Babcock in 1905, and that the figures in the ledger really meant nothing as far as records of the county were concerned.

Another alleged shortage of \$2,500 in the treasurer's office has been cleared up by former Auditor Sharp, who, under oath, testified that the purported discrepancy was a transposition of the figures "2" and "5" in making \$2,572 read \$5,272.

Wife Stood by Him.

Muncie, Ind., Oct. 13.—Cleve Snyder, who cut his wife's throat last August in a fit of rage because the woman had left him, was found guilty of assault with intent to kill, by a circuit court jury, and must serve a prison sentence of two to fourteen years. His defense was temporary insanity. His wife, the injured woman, who stood by him at the trial and aided the defense, broke down when the verdict was read and cried hysterically.

A Domestic Entanglement.

Warsaw, Ind., Oct. 13.—Five minutes after Albert E. Tucker of Akron, Ind., was divorced he was united in marriage to Lulu E. Tucker, his own son's divorced wife.

Words of Praise

For the several ingredients of which Dr. Pierce's medicines are composed, as given by leaders in all the several schools of medicine, should have far more weight than any amount of non-professional testimonials. Dr. Pierce's Favorite Prescription has THE BADGE OF HONESTY on every bottle-wrapper, in a full list of all its ingredients printed in plain English.

If you are an invalid woman and suffer from frequent headache, backache, gnawing distress in stomach, periodical pains, disagreeable, catarrhal, pelvic drain, dragging down distress in lower abdomen or pelvis, perhaps dark spots or specks dancing before the eyes, faint spells and kindred symptoms caused by female weakness, or other derangement of the feminine organs, you can not do better than take Dr. Pierce's Favorite Prescription.

The hospital, surgeon's knife and operating table may be avoided by the timely use of "Favorite Prescription" in such cases. Thereby the obnoxious examinations and local treatments of the family physician can be avoided and a thorough course of successful treatment carried out in the privacy of the home.

"Favorite Prescription" is composed of the very best native medicinal roots known to medical science for the cure of women's peculiar ailments, contains no alcohol and no harmful or habit-forming drugs.

Do not expect too much from "Favorite Prescription"; it will not perform miracles; it will not dissolve or cure tumors. No medicine will. It will do as much to establish vigorous health in most weaknesses and ailments peculiarly incident to women as any medicine can. It must be given a fair chance by perseverance in its use for a reasonable length of time.

You can't afford to accept a secret nostrum as a substitute for this remedy of known composition.

BRYAN has been wrong on all his paramount issues. It is no wonder the people are afraid to trust him. He is too uncertain.

REMEMBER Colonel Frank B. Posey speaks at the opera house tomorrow night. Be on hand and you will hear a great speech.

IT is the part of wisdom to continue the republicans in power in state and nation. It will also be a wise thing for the people of Jackson county to elect the republican county ticket.

MAINE'S open season ended last week, and its success may be inferred from the fact that an old man was shot for a moose, a boy for a squirrel, and another boy for a deer. Buck argue in Maine is a deadly epidemic.

THE theories of Bryan have been exploded by the test of experience. The American people will not throw away the solid certainties of today for the fallacies of tomorrow, especially when those fallacies have lost even their glitter.

JOHN L. GRIFFITHS, consul at Liverpool, is back to Indiana for the campaign. He spent a few days in New York and made several speeches. He says there is no doubt about New York electing Hughes governor and giving her electoral vote to Taft.

TAFT will be here on Thursday, Oct. 22, at 9:30 a. m. and there will be a great crowd out to see and hear him. Seymour people will be out and with them will be a host of people from the country and surrounding towns. Get the word to your friends and neighbors. That will be a great day in Seymour.

THERE is no equivocation or evasion about James E. Watson. Fearlessly he states his position on questions of public importance. The public has a right to know just exactly how a candidate for the office of governor stands on questions that affect the whole people. Jim Watson tells them without "ifs" or "ands." How striking the contrast between his attitude and that of one Thomas R. Marshall.—Columbus Republican.

Aged Horsethief Has Been Sentenced at Goshen.

THOUGHT TO BE HEAD OF GANG
Byron Bemus, Seventy Years of Age, Whose Life Will Probably Be Rounded Out in Prison, Is Believed by the Authorities to Be the Brains of an Organized Gang of Horsethieves That Has Long Been Operating in Indiana, Illinois, Ohio and Michigan.

Goshen, Ind., Oct. 15.—Byron Bemus, who is believed to have been the head of an organized gang of horsethieves, with relay stations in Illinois, Indiana, Michigan and Ohio, has been sentenced to the Michigan City penitentiary by the Elkhart circuit court. As he is nearly seventy years old, he will probably spend the rest of his life behind prison walls. He was caught in Toledo last summer by the Toledo police, who were watching a livery barn supposed to be a fence for stolen horses, when Bemus drove in with a horse stolen at Elkhart.

THAT HUDSON MINE CASE
Lewis to Submit It to International Executive Board Monday.

Terre Haute, Oct. 15.—Indiana coal operators have been informed that T. L. Lewis, international president of the United Mine Workers, will submit the Hudson mine case to the international executive board at a meeting to be held in Indianapolis Monday. The officials of District No. 11, with whom President Lewis has been in a deadlock disagreement over the strike for more than two months, have not been notified by him of a hearing by the executive board. The district officials still insist that the mine driver be reinstated and paid for all time lost before the 170 men who struck because he was discharged will return to work pending consideration of the grievance of the driver.

President Lewis took away the charter of the Hudson local, but the district officials have continued to recognize the men of that local as in good standing. Therein will consist the charge of insubordination on the part of the district officials, should Lewis decide to prefer a charge against them before the executive board. Those who are best acquainted with Lewis's temperament have had no doubt that eventually he would force the district officials to comply with his order or cause their expulsion from the organization. It is said that he moves slowly, but that time never weakens his determination to carry out his policy.

Struck by Chicago Flyer.
Hammond, Ind., Oct. 15.—While on his way to the postoffice at Gary to send \$200 to his wife in Hungary, G. Gaetno was struck by the Chicago flyer and instantly killed. Gaetno was riding in a wagon with four companions. The engine struck the wagon squarely and spectators thought that all the men were killed, as they were thrown on both sides of the train forty feet. Instead none was injured except Gaetno. Both horses were killed and the wagon was smashed into a thousand pieces.

Inconsiderate Thieves.
South Bend, Ind., Oct. 15.—Burglars hurled a brick through a \$500 plate glass window in Romadka Brothers' establishment in order to steal \$3. There was a display of purses on exhibition and protruding from the side of one book were three \$1 bills. Only the money was taken. The store is within a block of the center of the city, and the noise caused by the breaking of the glass could be heard for some distance. When officers arrived, however, no one was in sight.

Had Outside Assistance.
Delphi, Ind., Oct. 15.—George Booz and Clem Ray, two young men of the northern part of this county, arrested some time ago and placed in jail on a charge of robbing a store at Burrows, this county, made their escape. A piece of paper found on the floor, on which was a sketch of the key to their cell, furnishes the only clue to their means of escape, and it is thought that they had outside assistance.

Old Soldier Convicted.
Marion, Ind., Oct. 15.—William F. Dreisman, Soldiers' Home veteran, who shot and killed George W. Reep, another veteran of the home, Sept. 8, was tried in the circuit court on charge of murder. A special plea of insanity was entered for the defendant, but the jury found him guilty as charged and the court sentenced him to life imprisonment.

Shot Friend in Drunken Quarrel.
English, Ind., Oct. 15.—Jerry Moore shot Bennett Miller over a game of pool. Both were drinking and had always been the best of friends. Miller began throwing pool balls at Moore, when Moore shot him through the intestines. Miller is fatally injured.

James S. Kennedy, the New York banker, has given \$1,000,000 to the Presbyterian hospital of New York, of which he is president.

Great Values In Outer Garments

Here is an unusual chance to get your new Suit or Coat, a chance to save money and get the garments you want. The new styles we are showing this season have delighted every customer. The strongest point being that they are well tailored so that they hold their shape and look well always. We guarantee to fit you perfectly. Alterations free.

The great rush in our Millinery Department is evidence of satisfaction to our customers. Never before have our workmen been so crowded with rush orders. An extra strong purchase has been made by buying a sample line at low prices. \$2.95, \$3.95 and \$4.95 will be the price for choice of samples.

Gold Mine Department Store.

ATTENTION—On Thursday afternoon we will have at our place a special representative with Cloaks and Suits to show new modles and look after the wants of special measurement garments. Remember the date, October 15th.

MR. TAFT IN INDIANA
Special Attention Will Be Paid to Labor Centers.

Indianapolis, Oct. 15.—The Republican campaign managers have laid out work for Judge Taft that it is hoped by them will hold this state in his column. It is realized that there is great disaffection among the laboring classes and that a lot of hard work must be done if enough of them are held together to carry this state for the Republicans. The Republican leaders have about exhausted every means at their command to line up the laborers, and while they say the conditions are much better than they were a month ago, they admit that they are not what they desire. Taft's itinerary will give him ample range on the laboring classes. He will have every opportunity to assure them that he is their friend and not their enemy. On the first day of his trip in Indiana next week he will speak at such labor centers as Bedford, Linton, Terre Haute, Sullivan, Vincennes, Princeton and Evansville. On his second day he will speak at Brazil, Lafayette, Frankfort, Kokomo, Muncie, Marion, Anderson, Shelbyville and Indianapolis, where there are thousands of members of the Federation of Labor. On his last day he will visit such labor centers as Richmond, Fort Wayne, Goshen, Elkhart, South Bend, Laporte, Michigan City and Hammond. This itinerary will cover practically every point that will be visited by President Gompers of the American Federation of Labor on his special train. The Republican presidential nominee and his policies are to be made paramount issues by the Republicans of Indiana during the next two weeks, it is said, in hopes of instilling such a partisan spirit among the members of the party that the drift against him will be checked.

Poland Partially "Pacified."
St. Petersburg, Oct. 15.—Owing to the pacific condition of the country, full martial law has been raised in all the provinces of Poland with the exception of Piotrkow, in which the great industrial center of Lodz is located. The internecine struggles between the various revolutionary organizations in that province and with the troops are too bitter to permit relaxation of the rigorous rule.

Dr. H. S. Sherwood
The Chronic Specialist

Has been in Seymour since July 1st and is here to stay. Within this short time he has built up quite a large practice that is growing every day. The reason for this is that he has given each and every patient such satisfaction and so greatly benefited them that they give him a good reputation to others. His treatment for Piles; Fistula; Catarrh; Gout; Female Complaints; Indigestion; Blood, Skin and Nervous Diseases is so far superior to treatment commonly obtained from other physicians that there is no comparison. The greatest reason for the successful way in which Dr. Sherwood handles chronic disease is that he knows all about the few diseases of which he makes a specialty and does not pretend to treat acute disease such as fever, etc. Stick to your family physician for acute troubles, but go to Dr. Sherwood for chronic ones. Consultation and examination FREE. Office, 10 1/2 North Chestnut Street, SEYMOUR, INDIANA.

Guy Wire Breaks.

A north bound traction car broke a trolley wire on south Chestnut street Wednesday evening about 9:15. Luckily there was no one on the side walk at the time just at that place or a serious accident might have occurred. As it was the broken wire was thrown around and broke two of the large glass in the front of the Union Hardware Company's store. One of the glass was 40x66 and the other 30x66. Broken glass was scattered almost to the back of the long store room. Fortunately the store had been closed and there was no one on the inside to be injured by the flying glass. If the accident had occurred earlier in the evening or in the day time when the streets and the side walks were crowded, a number of people might have been injured.

Putting on Steam.

Both sides are putting on all the steam they can carry. James E. Watson, Republican nominee for governor, began a two-days' tour of Vigo county yesterday and was greeted by large crowds. John Sharp Williams of Mississippi and Judge Alton Parker of New York are coming into Indiana this week to help the Democrats. Ex-Mayor Seth Low of New York is speaking to immense audiences in the larger cities of Indiana in behalf of Taft. The speaking campaign is now in full blast and the audiences are larger than they have been since 1892. Although the Democrats are making a bitter fight against Governor Hanly and are trying to show that he is the "whole thing" in the Republican campaign, the Republican leaders are said to have appealed so strongly to the governor to devote the remainder of this month to Indiana that it is likely he will cancel all his dates in other states. Over fifty counties are demanding speeches from the governor. He can't visit more than half of them, but it was said today that he will take the stump at once for the Republicans and continue in the thick of the fight until it is over. The governor, it was said, is very sanguine over conditions in Indiana and is confident that his party will win.

TAFT THE BUILDER

His Directing Hand Has Insured Success of the Mammoth Project.

Raised Wages of Isthmian Laborers by Longevity Order While War Secretary.

The Panama Canal is one of the greatest achievements of any Republican administration.

As Secretary of War, Hon. William H. Taft personally assumed the responsibility of inaugurating the work and systematically shaping up the practical operations until a degree of efficiency has been reached that may well astonish the nations of the earth.

Mr. Taft has applied to this world project and history making enterprise those same qualities of careful, thoughtful investigation, penetrating judgment and absolutely fair dealing, which have made him so signally successful in the performance of all those duties of state which have brought him to the high eminence he now occupies as one of our greatest living Americans.

Must Know Personally.

Like the Philippine project and other great work laid upon him, he has studied the situation at Panama at close range and trusted to no second hand information with which to insure his success. There has been about ninety million dollars expended on the work to date and Mr. Taft has had to approve every dollar of this expenditure. He has not been satisfied with a single visit to the isthmus, but has made the long journey every year so that he might direct the work more economically. The result is that he has changed the situation there from an inhospitable region to a locality where Americans can live in healthful security without the fear of plagues or dread of contagious diseases. The rate of mortality on the isthmus is about the same as it is in our American cities.

Stages of the Work.

Work on the canal has passed through two stages, those of planning and preparation. It is now in the third and final stage, that of construction. Both of the earlier stages required the presence of a large working force, necessarily quartered in temporary and make shift accommodations. Because of these conditions, inevitable at the outset, early critics of the enterprise mistook the initial and temporary outfit for permanent equipment.

Thoughtful About Labor.

Mr. Taft's chief concern has been the proper care of the laboring man on the isthmus. Under his patient and approved methods the terrible scourge of yellow fever, against which the French struggled in vain, the filthy and pest breeding state of the principal Panamanian towns, the rough labor camps, and other pioneer hardships of the two first eras, have been eliminated. He has accomplished these things through the activity of the Department of Sanitation, the Department of Municipal Engineering and the Building Department. To-day we find yellow fever driven from the isthmus, the deadly stegomyia mosquito thus rendered innocuous, malaria and pneumonia greatly reduced and a high average of health prevailing.

Mammoth Construction Project.

President Roosevelt appointed a special commission to examine the Isthmian situation last spring, and it reported Aug. 6, 1908. According to this special report there were at work at the Isthmus April 30, 1908, 26,118 men for the Isthmian Canal Commission and 7,075 at work for the Panama railroad, a total of 33,193 men all told. Housing this industrial army in quick time, with due attention to sanitation and hygiene, was a problem which would have been beyond most men. But Mr. Taft did it successfully.

To keep the machinery and tools in condition, three large machine and repair shops, two shipyards and numerous warehouses are maintained. When we recall that this enormous plant is operated at a distance of 1,382 miles from its nearest base of supply, New Orleans, and 1,975 miles from its main base of supply, New York, we can estimate with more justice and accuracy the magnitude and complications of the undertaking Mr. Taft has conducted so well.

Workmen Appreciate Taft.

He has succeeded in impressing labor on the Isthmus with his kindly interest in its behalf. On this point the special commission's report says: "From the outset we were strongly impressed by the spirit of good will and loyalty of the employees. . . . The general sentiment of the workers was expressed in the words of a mechanic, in one of the conferences which we held with representatives of different trades. Said he: 'We want it understood that we are American citizens and that we are proud to have a share in this great work. We believe the government is treating us right, and we are as much interested to see this thing a success as anyone.' This spirit of loyalty and interest in the work was evidenced on many occasions and should be accounted as an asset of the highest value to the government in the accomplishment of its colossal task."

Taft Raises Wages.

On May 1, 1907, as Secretary of War, Mr. Taft issued a longevity order mak-

ing liberal and appreciate increase in the wages of various classes of workmen, as follows:

"All employees not native to the tropics who occupy the positions herein designated shall be granted the following increases in pay for length of continuous service on the Isthmus: Five per cent of the basic or class rate for the second year, with accumulative addition of three per cent of the basic rate for each subsequent year; provided, however, that such cumulative increase shall not exceed a total of 25c of the basic rate."

In other words, Mr. Taft made it possible for every American laborer on the Isthmus, by remaining there and working, to increase his wages 25 per cent and at the same time have a permanent position. These men also get four weeks' vacation with pay, every year and Mr. Taft favors making the vacation six weeks with pay.

Change Would Be Disastrous.

In the performance of this work the United States is under the scrutiny of the entire world, especially of our neighbors in Central and South America, before whom we must make good our profession of high social and industrial ideals. It would be a national calamity to jeopardize the present liberal progressive policy that is so successfully constructing the Panama Canal. Mr. Taft is the one man to continue this great work to the end.

COUNTRY NEEDS A REPUBLICAN CONGRESS.

President Roosevelt Points Out Importance of Electing Legislators to Support Taft.

President Roosevelt, in a letter to William B. McKinley, chairman of the Republican Congressional Committee, appeals to disinterested citizens to join with the National Republican Committee and the Congressional Committee in a movement to elect William H. Taft as President and a Republican Congress to support him, saying, in part:

"It is urgently necessary, from the standpoint of the public interest, to elect Mr. Taft, and a Republican Congress which will support him; and they seek election on a platform which specifically pledges the party, alike in its executive and legislative branches, to continue and develop the policies which have been not merely introduced, but acted upon during these seven years. These policies can be successfully carried through only by the hearty co-operation of the President and the Congress in both its branches, and it is therefore peculiarly important that there should obtain such harmony between them. To fail to elect Mr. Taft would be a calamity to the country; and it would be folly, while electing him, yet at the same time to elect a Congress hostile to him, a Congress which under the influence of partisan leadership would be certain to thwart and baffle him on every possible occasion. To elect Mr. Taft, and at the same time to elect a Congress pledged to support him, is the only way in which to perpetuate the policy of the government as now carried on. I feel that all the aid that can be given to this policy by every good citizen should be given; for this is far more than a merely partisan matter."

APPEAL TO LOYAL REPUBLICANS

To Middle West and Rocky Mountain States Republicans.

You want Mr. Taft and Mr. Sherman elected and they cannot be elected unless the Republican National Committee has sufficient money to pay the legitimate expenses of the campaign. It costs money to perfect an organization. It requires money to pay for printing, postage, salaries or stenographers and clerks at headquarters, traveling expenses of speakers and numerous other details that go to make the campaign end successfully. Congress, as you know, has passed a law making it unlawful for us to solicit money from corporations. We must depend upon the contributions of individual voters. If every Republican in this Western Division would contribute one dollar to the campaign fund, we will be able to do all the things that the voters want done; we will be able to elect Taft and Sherman. Will you help? If so, please send one dollar to the chairman of your State Finance Committee, whose name appears in the list following, or send it direct to me and you will receive the official receipt of the Republican National Committee.

FRED W. UPHAM,
Assistant Treasurer.

SPEAKING OF ISSUES.

UNCLE SAM'S POLITICAL STORAGE

—From the Philadelphia Press.

TRUE PROPHETS AND FALSE.

HOW TO TEST THEM.

"I will not deny that there may be prophets to-day, but the trouble is to tell the true prophets from the false ones. The Bible says that false prophets will rise. It tells us how to distinguish the false from the true. It says: 'By their fruits ye shall know them.'—William J. Bryan's Speech at Baltimore, Jan. 20, 1900.

BRYAN PROPHECIES.

THE ANSWERS.

"TARIFF WILL CRUSH THE FARMER."

1892, Free Trade.

"Thus in every State, so far as these statistics have been collected, the proportion of home-owning farmers is decreasing and that of tenant farmers increasing. This means but one thing: it means a land of landlords and tenants, and, backed by the history of every nation that has gone down, I say to you that no people can continue a free people under a free government when the great majority of its citizens are tenants of a small minority."—William J. Bryan; speech on the protective tariff in the National House of Representatives, March 16, 1892.

The Answer in 1908.

The answer is found in the prevailing good prices for grain, corn, hogs, cattle, hay and all the products of the farm, together with the fact that since the date of Candidate Bryan's "crushing" speech, Western farm lands have doubled in value, and thousands of "tenant" farmers of that date have become prosperous home-owners, tilling their own land in peace, happiness and plenty. Under the National Irrigation Act, and the Republican conservation movement, the West is soon to be the intense agricultural and horticultural producing area of the United States.

"GOLD STANDARD WILL DESTROY HOMES."

1896, Free Coinage!—16 to 1.

"I reply that, if protection has slain its thousands, the gold standard has slain its tens of thousands."—William J. Bryan; speech at Democratic National Convention, July, 1896.

"The Democratic party has begun a war of extermination against the gold standard. We ask no quarter; we give no quarter. We shall prosecute our warfare until there is not an American citizen who dares to advocate the gold standard. You ask why? We reply that the gold standard is a conspiracy against the human race, and that we should no more join in it than we would an army to destroy our homes and to destroy our families."—William J. Bryan; speech at Albany, N. Y., August, 1896.

The Answer in 1908.

The gold standard has "slain" no one, nor did it write the "future in blood," nor did it destroy our homes nor foreclose the farm mortgage, nor did it close the district school; on the contrary, it has proved the sound and solid foundation of widespread prosperity, leading to individual progress and happiness, aided in paying off the farm mortgage and expanding the country's educational facilities.

It has brought such prosperity to our country as was never known before. Americans are the happiest and most prosperous people on earth to-day.

"NO MORE FOURTH OF JULY."

1900, Imperialism!

"The fight this year will be to carry out the sentiment of that song we have so often repeated: 'My Country, 'tis of Thee.' If we lose, our children and our children's children will not succeed to the spirit of that song, and celebrations of the Fourth of July will pass away, for the spirit of Empire will be upon us."—William J. Bryan; speech to the Bryan Home Guards, Lincoln, Neb., July, 1900.

The Answer in 1908.

Answer this for yourself. Do you know of any spot in the United States where the spirit of 1776 is dead and forgotten and the Fourth of July a meaningless date on the calendar?

On the other hand the humblest citizen is growing prouder of his American citizenship and the spirit of 1776 is permeating the entire body politic.

"ROOSEVELT THE SPIRIT OF WAR."

1904, Anti-Roosevelt.

"I would rather go down to eternal oblivion than be instrumental in the election of Roosevelt."—William J. Bryan, Oct. 17, 1904, while touring Indiana.

"The surrender of the present President (Roosevelt) to corporate influences furnishes an excellent proof of the wisdom of Judge Parker in making the statement he has. But President Roosevelt stands for militarism. . . . The present occupant of the White House (Roosevelt) represents in an aggravated form the warlike spirit, as contrasted with the pacific policy that has heretofore characterized our nation."—William J. Bryan, in a speech at Springfield, Mo., Sept. 1, 1904, where he accused President Roosevelt of surrendering to the corporations and holding "bloody, brutal and barbarous" sentiments.

The Answer in 1908.

President Roosevelt, instead of representing the "spirit of war," stands before the world the greatest exemplar of international peace in his generation. History will in full season award him the titles he has justly won, and the greatest of these will be "The Peacemaker." In spite of Candidate Bryan's assault upon him in 1904. Under President Roosevelt's policies the United States has taken its place in the front rank of world powers. Taft is committed to continuing these policies.

"GOVERNMENT MUST OWN RAILWAYS."

1906, Government Ownership of Railways.

"I have already reached the conclusion that railroads partake so much of the nature of a monopoly that they must ultimately become public property, and be managed by public officials in the interest of the whole community."—William J. Bryan; Home-coming speech at New York City, August, 1906.

The Answer in 1908.

The broad meaning of Candidate Bryan's remarks on this subject is that railway regulation by statute law is impossible, and that "government ownership" is the only remedy for transportation abuses. The enactment of the Federal Rate Law has totally disproved the claims of Candidate Bryan and vividly displayed his unsound reasoning on great public questions.

PRACTICAL DEMONSTRATION.

Actual Operation of Postal Savings Banks in Philippines.

Two Years' Experiment Indicates the Plan Is Successful.

The only postal savings bank system in operation under the American flag is that in the Philippines, where, after two years of experiment, the institution has been declared a great success. In the report of the Philippine commission, just published, the postal savings bank is discussed briefly, in part as follows:

"The postal savings bank was first opened in Manila on Oct. 1, 1906. The law provides for three classes, with limitations as to the amounts that can be received at any one time in each class. Following the opening of the Manila office, other postal savings bank offices were opened in various cities, of different classes, until at the close of the year 235 had been opened, of which 9 were first, 86 were second and 140 were third class.

Filipinos Adopting System.

"At first the Filipinos did not to any great extent avail themselves of the opportunity of depositing a portion of their receipts in the postal savings bank, and a great bulk of the depositors were Americans and of other nationalities. As the advantages of this system have been disseminated through means of schools, government bureaus, private agencies and others, the proportion of Filipinos is continually increasing, and gives very good promise that the Filipinos will learn to trust their money to the care of the government, and welcome the opportunity.

"The accounts opened up to the close of the fiscal year numbered 2,676, of which 347 were closed, leaving 2,329 still open. The deposits reached the total sum of 786,361.03 pesos—an average of 108.21 pesos. Withdrawals reached the total amount of 280,499.21 pesos, leaving a net deposit of 505,861.82 pesos at the end of the fiscal year—or the first nine months of the operation of the postal savings bank—but by no means the first nine months of operation of the average number of offices, the smaller ones having been opened from time to time during the year, so that many had not been opened more than a month or two at the time these figures were taken.

Encouraging Small Accounts.

"The device of issuing postal savings bank stamps has met with some response. The stamps are simply a method by which small amounts can be deposited without the expense of issuing a book, figuring interest, and opening an account.

"On the whole, the reception accorded the postal savings bank has been gratifying, and gives good promise. The investment of the funds is in the hands of a postal savings bank investment board, which carries a certain amount of the funds on deposit, and has limited power of investment. The law provides that 25 per cent of the money held on deposit may be loaned on first-class real estate, under limitations carefully drawn to protect the depositors, and 10 per cent on agricultural lands under still more rigid limitations."

AS ROOSEVELT SEES BRYAN.

"You say that you have advocated more radical measures against private monopolies than either I or my party associates have been willing to undertake. You have, indeed, advocated measures that sound more radical, but they have the prime defect that in practice they would not work. I should not in this letter to you discuss your attitude on this question if you did not yourself bring it up, but as you have brought it up, I answer you that in my judgment the measures you advocate would be wholly ineffective in curbing a single evil, and so far as they had any effect at all, would merely throw the entire business of the country into hopeless and utter confusion. I put Mr. Taft's deeds against your words. I ask that you be judged both by the words you wish remembered, and by the words that seemingly you and your party now desire to have forgotten. . . . I hold it entirely natural for any great law-defying corporation to wish to see you placed in the Presidency rather than Mr. Taft. Your plans to put a stop to the abuses of these corporations are wholly chimerical. —Theodore Roosevelt."

If it is true that Roosevelt is going to take to the stump Bryan will have to take to the woods.—Philadelphia Press.

Mr. Bryan no longer refers to Mr. Roosevelt as his imitator, counterpart and understudy.—St. Louis Globe-Democrat.

PARTY OF PERFORMANCE.

Republican Organization Fosters All Policies Tending to Make the Country Great and Prosperous.

The Republican is a party of action. It rests upon what it has done, and not upon what it possibly may do in the future. It has fostered everything that has tended to make the country great and prosperous. It has moved with the people. It has kept abreast of the times. It has ever stood ready to modify an old policy or to adopt a new one when the business interests of the country have needed the modification or the change. It has protected American industries. It has protected American labor by stringent immigration laws. It protected the credit and business stability of the country by prompt declaring in favor of a gold standard, and writing it in the statutes. When the time came it promptly seized upon the time and the opportunity to begin the speedy construction of the great isthmian canal. It has never hesitated to assume a responsibility. When the cruelties in Cuba threatened the interests of America the Republican party resolved to put an end to those cruelties. When trusts sprang up it enacted a law to curb and control those trusts. When commerce was at the mercy of the railroads, it provided for a commission to regulate them. When shippers were oppressed by transportation companies it promptly enacted a rate law. It has met every emergency in war or peace, met it in a wise, prudent and statesmanlike manner. It is progressive when progressiveness means upbuilding. It is conservative when conservatism means the maintenance of peace, order and prosperity. It has been prompt without undue haste. Peace and prosperity at home—honor and respect abroad has been, is now, and always will be its motto.—Republican National Platform.

CAMPAIGN EXPENDITURES.

Democratic Party Cannot Claim Unsullied Virtue as to Source of Its Revenues.

(From Gov. Hughes' Youngstown Speech.)

"Mr. Bryan also has much to say with regard to corrupt practices and campaign expenditures. But he omits to give due credit to the Republican party for what it has accomplished with regard to these important reforms, an accomplishment the more noteworthy in the light of Mr. Bryan's reiterated criticisms of contributions to Republican campaign funds. In the State of New York a Republican Legislature in 1906 passed a statute prohibiting corporations from making any political contributions directly or indirectly, and providing that officers, directors or stockholders participating in or consenting to the violation of the law should be guilty of a criminal offense. And I know of no more drastic statute in this country with regard to the publicity of campaign contributions and for the prevention of corrupt practices than that passed in New York under Republican auspices. These were not promises of an opposition party seeking power, but enactments by a party in power securing genuine reforms. Proper recognition must, of course, be given to the patriotic Democrats who supported these reforms, but they were enacted by a Republican administration. Congress has also legislated against political contributions by corporations. Purity of elections and free opportunity for the uncorrupted expression of the popular will lie at the foundation of every reform and cannot be too carefully safeguarded. And there should be federal legislation securing proper publicity of and accounting for campaign contributions in connection with federal elections. But it must fairly be recognized that the skirts of neither party have been clean. If we search Mr. Bryan's following we shall find not a few who have sinned, and also those who, if we may judge from their local activities, are still unrepentant. The Democratic party cannot claim unsullied virtue either with regard to the source of its revenues or its readiness to receive them."

LABOR IN DEMOCRATIC STATES.

Coal Miners in Alabama Subjugated Into Cringing Dependencies.

That there's a "rift within the lute" of the Gompers proposition to deliver the labor vote of the country to Democracy is becoming more apparent. While Mr. Bryan and Mr. Gompers are making special appeals to labor, neither refers to the deplorable condition of labor in the Democratic South. Mr. John P. White, for six years president of the Iowa United Mine Workers, and now one of the national officers of the United Mine Workers' Association, who investigated mining labor conditions in the South, is not so reticent. In a recent address to Local Union No. 97 of Albia, Iowa, he told of persecutions of labor in Alabama where a coal miners' strike was in progress. He is reported as saying: "The miners of Alabama have been subjugated until a majority have become cringing dependencies. Almost daily some of the laboring men of that State were mercilessly shot down for daring to assert their rights as American citizens. Ninety-one members of the Mine Workers' Association were thrown into jail without having committed any crime other than becoming members of the organization." Alabama is a State absolutely under control of Bryan Democracy.

TELEPOST NOW IN OPERATION

New Wire Service Begun In
Boston Today.

INSURES SPEED AND ECONOMY

Thousand Words a Minute Transmitted
by Delany System at Lowered Cost.

Telegrams Delivered by Special Messengers and "Teleposts" Carried by Letter Carriers Features of Telepost Company's Work—Sending of First Message from Boston to Portland, Me., Witnessed by Distinguished Gathering.

Boston, Oct. 15.—The Telepost company inaugurated here today its system of receiving and sending messages. The Delaney method, controlled by the company, the newest and most rapid method of transmitting intelligence electrically, in connection with the postoffice delivery system, is now an actual fact in American life.

With the transmission of the first Telepost message from Boston to Portland, Me., handed to the Telepost operator here by Mayor Hibbard of this city, the Telepost was put into operation between the two cities, the line including the following way stations: Lowell, Mass.; Lawrence, Mass.; Haverhill, Mass.; Exeter, N. H.; Portsmouth, N. H.; Dover, N. H.; Biddeford, Me.; Saco, Me., and Old Orchard, Me. In each of these cities there is now a Telepost office prepared to receive and transmit messages.

The Telepost transmits and receives messages at the rate of a thousand words a minute, from twenty to forty times as many as any other telegraph system now in operation. The Telepost utilizes the full carrying capacity of the wire, while others get only 10 per cent.

The Telepost company gathers messages and sends them on its own lines. It delivers the messages itself by its own special delivery service, the messages then being called by the familiar name "telegram," or it relies for delivery upon the well organized post-office department run by Uncle Sam. In the latter case the message is known as a "Telepost." The company also receives messages through the post-office department, for transmission to near or distant points—that is, a man living in one of the cities named or within mailing distance of it may write out his telegram or his "Telepost," drop it, addressed to his correspondent near or far, in care of the Telepost company. The latter will attend to its prompt and speedy transmission. The telephone may also be utilized by the Telepost patrons.

In addition to telegrams of the new style and Teleposts, the innovation in the wire world includes the "telecard," which is to the telegram and the Telepost what the postal card is to the letter. In other words, it is a shorter telegram transmitted at a lower rate.

The rates charged by the Telepost company are uniform whether the distance traversed by the message is ten miles or a thousand—twenty-five words for 25 cents delivered by the Telepost messengers or fifty words for 25 cents brought to your door by one of Uncle Sam's gray-coated men. The charge for the telecard is 10 cents for ten words sent to any place reached by the Telepost company's lines.

A special envelope of odd size and attractive design makes it easier for the mail distributors to recognize and handle Teleposts. The telecard is also of special design in order to facilitate postoffice handling.

While the service inaugurated today includes only the cities named above, the Telepost company has already closed contracts to make rapid extensions from Boston in other directions.

The scene in the Telepost offices at the opening of the new service was a most interesting one. The audience included, besides Mayor Hibbard, a large number of men prominent in the business and professional life of this city. The newspaper men who were present not only looked upon the putting to practical use of the invention of Patrick B. Delany as an interesting item of news, but as one that is expected to affect vitally their own business of news gathering and publishing. The Telepost company intends to establish at its offices in the various cities a bulletin service giving the most important news items of the day in skeleton form, referring the readers to the newspapers for details. The first message transmitted over the Telepost lines was that of Mayor Hibbard to the mayor of Portland, Me., congratulating the latter upon the inauguration of the new system. The first Telepost message will be preserved as an interesting memento of the occasion. Among those present were Patrick B. Delaney, the inventor of the system; H. Lee Sellers, the president of the company; R. H. Sellers, its secretary and treasurer, and J. W. Larish, its electrical engineer. The various operations of the Telepost were fully explained and aroused the highest interest.

The Telepost system has won the highest commendations from expert authorities in electricity. Thomas A. Edison, with whom Mr. Delany worked years ago, said of it, "The system in its entirety is so simple that it is perfectly fool proof."

AN IOWA TRAGEDY

Young Man Shot Sweetheart and Self in Home of the Girl.

Shenandoah, Ia., Oct. 15.—Harley Bright, aged twenty-four, son of a prominent business man of this place, is dead and Miss Esther Cook, aged fifteen, his sweetheart, is fatally wounded as the result of what is believed to have been a murder and suicide by Bright. The shooting occurred late yesterday afternoon at the Bright home when nobody but the young man and Miss Cook were in the house.

What led up to the shooting is not known, but it is stated that the couple had quarrelled over Bright's attentions to another girl.

THAT KEEFE STORY'S SLIM FOUNDATION

Tim Healey Got It In a Round-
About Way.

New York, Oct. 15.—The Democratic national committee has issued a statement quoting Timothy Healey, president of the International Brotherhood of Stationary Firemen, as authority for the allegation that Daniel J. Keefe had been promised by the president appointment as commissioner general of immigration in return for the Detroit labor leader's support of Taft. The national committee had promised to make known its informant if the charge was denied, as it has been both by Keefe and at the White House.

The national committee quotes Mr. Healey in part as follows: "I was in Washington Wednesday of last week on a matter dealing with our organization, which brought me in contact with an official of high standing in the government service. He said to me, 'Dan Keefe has been selected for commissioner general of immigration.' 'Is that so?' I said.

"Yes; the job is his," he replied. "I asked him how he knew and he told me that his informant was a member of the president's cabinet and knew what he was talking about.

"This information was not given to me in a confidential manner, but I will not give my informant's name, for it is plain to see what would happen to him if his name came out.

"There is not any doubt in my mind but that the statement that the president offered Keefe the position and that Keefe agreed to accept is true. Perhaps the offer was not made at the conference on Oct. 3 last, but I believe it has been made."

Mr. Taft in Ohio.

Wheeling, W. Va., Oct. 15.—Judge Taft last night concluded his three days' campaign in Ohio. "The situation in Ohio is entirely satisfactory," said he, "and no one has any reasonable doubt but that the Republican majority will be a substantial one. I certainly have no doubt on the subject myself." Steubenville and Wheeling furnished the big audiences of the day, although at each of the nine stops there were crowds and enthusiasm. The Central market house was cleared at Wheeling and there last night the candidate addressed an immense audience.

The Cubs Still Champions.

Detroit, Oct. 15.—By defeating Detroit Wednesday afternoon, 2 to 0, the Chicago team of the National League retains its title as the champion baseball team of the world. The present series differed but little from that of last year. In the previous series Detroit managed to get one tie game and then went down in four straight defeats. In the present series Detroit snatched one victory out of the five games played. The paid admissions were only 62,232 for the five games, and the receipts totalled but \$94,976 as compared with \$101,000 last year.

RUSSIA MAKES ANOTHER HIT

Playing For Turkey's Favor, the
Czar Also Jollies England.

CONFERENCE OF THE POWERS

Coming Meeting Will Be Marked by a Discussion of the Mere Question of Compensation to Those Who Have Claims in That Direction, but the Important Question of the Dardanelles and the Key to Southeastern Europe Will Be Taken Up Separately by Russia and Turkey.

London, Oct. 15.—According to what appears in an inspired statement with regard to Russia's position, which appears in the Times this morning, a practical agreement has been reached by M. Isvolsky and Sir Edward Grey, under which the conference of the powers will discuss the question of compensation to Turkey, Serbia and Montenegro, but the Dardanelles question will be left for separate negotiations later between Russia and Turkey.

Russia agrees with the Western powers that the compensation given to Serbia and Montenegro should not be at Turkey's expense, and holds that it is to Europe's interest to facilitate in every possible way Turkey's heavy task in completing the constitutional reforms. According to the statement Russia desires a revision of the agreements concerning the Dardanelles, but does not wish to make the revision a part of the conference program or to force it upon Turkey.

On the contrary Russia agrees that a revision is possible only with the consent and good will of the Turkish government, and as a result of future negotiations which it is hoped the British government will facilitate and that an arrangement could be reached with the help of all the interested parties, which would give Russia all she requires without menacing the interests of other powers. In addition, by removing a long-standing Russian grievance, it would contribute to the consolidation of the Anglo-Russian understanding and the establishing of real friendship between Russia and Turkey.

"M. Isvolsky's departure," says the statement in the Times, "was delayed in order to complete the details of the agreement, and when he returns to St. Petersburg he will make an important statement to the duma explaining the Buchau conference and making clear not only that he had consented to the annexation of Bosnia and Herzegovina, but that he expressly warned Baron Von Aehrenthal that the position of these two provinces was an European question which could not be settled by Austria and Turkey."

Will Not Pay Second Ransom.

Paris, Oct. 15.—A special dispatch from Sofia to the Matin quotes the premier as saying that Bulgaria would refuse to make pecuniary compensation in return for recognition of her independence. "We have not proclaimed Bulgaria's independence," said the premier, "in order to ransom her for a sum of money. If we must ransom Bulgaria again we prefer that it be with blood."

Tammany's Contribution.

Chicago, Oct. 15.—The campaign fund of the Democratic national committee and the names of all contributors of \$100 or over was made public by Treasurer Herman Ridder in New York today. Since the publication last Thursday of the contributors of \$500 and over, together with the total amount of the fund then in the committee's treasury, there have been several large contributions and the total amount is now about \$245,000. After today the committee each day will publish the larger contributions. The bulk of the Democratic campaign fund has been raised by dollar contributions to the Democratic press. The largest single contribution which was made this week was \$10,000 from Tammany Hall.

Mr. Bryan in Nebraska.

Hebron, Neb., Oct. 15.—The second day's tour of Nebraska by William J. Bryan was brought to a close at this place last night. Twenty-two speeches were made during the day by the Democratic candidate, varying in duration from ten minutes to one hour. It was by far the most enthusiastic day for Mr. Bryan during the trip. With the conclusion of his work Mr. Bryan expressed himself as being greatly pleased with his reception in his home state during the day, saying that his audiences were larger and more enthusiastic than during any other campaign.

Death Due to Explosion.

Albuquerque, N. M., Oct. 15.—Mrs. Louise Chamberlin, a social leader here and a sister of Perry S. Heath, former assistant postmaster general and later editor of the Salt Lake Tribune, was burned to death here last night in a fire in her home which started from an explosion of gasoline. A servant cleaning a rug with gasoline came too close to an open grate fire, and an explosion followed and Mrs. Chamberlin's clothing caught fire. She was fatally burned before help could be summoned.

PUSHING FOR THE POLE

Last Word From Dr. Cook Was a Message of Hope.

New York, Oct. 15.—The first message from Dr. Frederick A. Cook, the Arctic explorer, since he started for the pole from a point north of Etah, Greenland, on Feb. 26 last, has been received in this city. It was brought here by Rudolph Franke, who accompanied Dr. Cook on the early stage of his journey and who received it from the explorer by messengers whom he

DR. FREDERICK A. COOK.

sent back to the winter base, after he was well on his way to the farthest north.

The message was written on March 17 last, about three weeks after Dr. Cook had started on the last stage of his journey. It was dated "Polar Sea, North of Cape Hubbard," and said that up to that point everything had gone very well, although the weather was extremely cold. He was making a straight line for the pole at that time, he said, and expected to be back at the base late in May.

"I am making a straight course for the pole," Cook wrote. "The boys are doing well and I have plenty of dogs. I hope to succeed. At any rate I shall make a desperate effort. While I expect to get back by the end of May, still I wish you to be ready to go to Apconic, the island off North Star, by the 5th of June, and if I am not back, to go home with the whalers. I think, however, we will be back."

Dr. Cook did not reach the base before Franke started for home, and no word has yet been received from him. Members of the Peary club have been considering for some time the advisability of sending an expedition in search of Dr. Cook. He was the only white man in the expedition. He had a large company of Eskimos and plenty of dogs.

Left It Still in Doubt.

Greensboro, N. C., Oct. 15.—The battle of Guilford Court House was reproduced by United States cavalry, infantry, state militia and a gatling gun. The result of the battle, like that fought in 1781, is in doubt, both sides claiming victory. Colonel S. W. Miner commanded the British, while Colonel J. W. Craig commanded the American forces. About 25,000 people witnessed the battle.

Jury in the Morse Trial.

New York, Oct. 15.—The first day of the trial of Charles W. Morse, former vice president and director of the National Bank of North America, and Alfred H. Curtis, former president of the institution, both of whom are under federal indictment for violation of the banking laws in the bank's management, closed with the work of selecting a jury practically completed.

Police Seize the Stakes.

Sna, Belgium, Oct. 15.—In accordance with the government's anti-gambling campaign the police last night raided the International club, where many people were engaged in playing roulette and baccarat, and seized the stakes.

All the Gold IN GEORGIA Could not Buy-

Roding, Ga. August 27, 1906.
Messrs. E. C. DeWitt & Co.,
Chicago, Ills.

Gentlemen:—In 1897 I had a disease of the stomach and bowels. Some physicians told me it was Dyspepsia, some Consumption of the Lungs, others said consumption of the Bowels. One physician said I would not live until Spring, and for four long years I existed on a little boiled milk, soda biscuits, doctors' prescriptions and Dyspepsia remedies that flooded the market. I could not digest anything I ate, and in the Spring 1902 I picked up one of your Almanacs as a poor emaciated Dyspepsia wreck will grasp at anything, and that Almanac happened to be my life saver. I bought a fifty cent bottle of KODOL DYSPEPSIA CURE and the benefit I received from that bottle ALL THE GOLD IN GEORGIA COULD NOT BUY. I kept on taking it and in two months I went back to my work, as a machinist, and in three months I was well and hearty. I still use a little occasionally as I find it a fine blood purifier and a good tonic. May you live long and prosper. Yours very truly,
G. N. CORNELL.

FLEMING.

Farmers are about through sowing wheat.

Corn will soon be ready to crib. Potatoes about a crop this year.

Our supt., of Pikes, must be very busy. He has had a bridge torn up for almost 2 months. Going out in the ditch with heavy loads is not pleasant. Better resign for the people have stood it as long as they can.

We wonder if our democratic speakers will tell us this fall as they did 4 years ago, that we are getting too much for our eggs, etc. Wheat \$1 per bushel. Hurrah for Teddy.
